Kevin S. Smith, M.D.
400 West Main St.
Taylors, SC 29687
(803) 268-1103

3/18/93.

Dear Daisy Williams,

This letter is concerning your son Christopher. You need to call and schedule a re-check appointment for him. His urine culture tested positive for infection. If left untreated it could lead to future kidney damage.

Sincerely,

Kevin S. Smith, M.D.
